MEET THE INSTRUCTORS

Jay "KRANTZ" Rosenkrantz

Jay, more commonly known as KRANTZ online, is well known as not only a leader in the poker community, but as one of the best players and teachers in poker. He was mentored by Tommy Angelo, the premiere mental game coach in poker and in turn has mentored scores of students to tremendous success in No Limit Holdem. He currently stars on the G4 reality television series "Two Months Two Million," which chronicles his life as a poker player.

Emil "whitelime" Patel

Emil Patel got his start in poker while studying Economics at NYU. He quickly moved up the ranks online, and is well known for dominating No Limit Holdem and Pot Limit Omaha tables online as high as \$200/400.

Emil is a DeucesCracked Executive Producer and has recorded over 50 hours of strategy videos. He currently stars with Jay, Dani and Brian in the G4 reality television series "Two Months Two Million."

Dan Morris

Dan "DJ Sensei" Morris has been stacking fools now for a little over 5 years. He got his start playing low-stakes limit games online on a \$50 initial investment. Dan has found most of his success in online cash games, building his roll with no-limit holdem but moving on to learn and master PLO, 2-7 Triple Draw, and mixed games as well. He has been coaching students in mid-stakes NLHE and PLO cash games for several years now, and has given many students a new outlook on the game.

Chuck Danielsson

Chuck "danzasmack" Danielsson got his start in poker at 7 card games but quickly latched on to Limit Holdem. Today, you can find him playing anything from NLO8 to Razz, from heads up to full ring. His strong mathematical background translates well to the mixed games, where he has found a home today thanks to his mentor, Joe Tall.

Dani "Ansky" Stern

Dani stars on G4's "Two Months Two Million" with his friends and fellow DeucesCracked instructors Jay Rosenkrantz, Emil Patel, and Brian "flawless_victory" Roberts. He placed 4th in the \$40K NL event in the 2009 World Series of poker, winning \$548k in what has been described as the toughest live poker tournament in history. Dani was also recently named a member of the Brunson 10, Doyle Brunson's handpicked successors.

MEET THE INSTRUCTORS CONT.

Vanessa Selbst

Vanessa “fslexcduck” Selbst is currently enrolled at Yale Law School, but that hasn’t slowed her down, with recent finishes of 1st and 3rd at the World Poker Finals to add to her WSOP Bracelet in Pot Limit Omaha. Vanessa is also an accomplished poker coach, recording multiple video series focusing on No Limit Holdem, Pot Limit Omaha, and Head’s Up Play on DeucesCracked.com.

Joe Tall

If it can be played with 52 cards, Joe has played it. A master in tilt control, Joe has coached some of the best poker players on the planet today. While Joe can crush any Holdem game out there, his real home is in the stud games. With his coaching and playing chops, Joe can take any “donk” and turn them into a “stud”.

Josh “sthief09” Plotkin

Josh is a former Limit Holdem Player who has since played over a million hands of midstakes No Limit Holdem online. He teaches using a solid mathematical foundation and is an Executive Producer at DeucesCracked.com.

Andrew “Balugawhale” Seidman

Over the last three years at 3-bet.net and DeucesCracked.com, Andrew has coached nearly 100 students. Many of them have risen in stakes and have become feared players at stakes of up to 25/50 NL. His seminars, books, and coaching methods are widely regarded as some of the best in poker.

Brian “flawless_victory” Roberts

Brian is a cast member on G4’s “Two Months Two Million”, is widely regarded as one of the brightest minds in poker, and is highly sought after as a coach. Brian excels at all forms of poker, but his best game is heads up No Limit, where he has won millions of dollars in cash games throughout his career.

Aaron “WiltOnTilt” Wilt

Aaron is a DeucesCracked Executive Producer and made his mark on poker training in the series “Mathematics of No Limit Holdem” and “pr1nnyraiding: a Heads Up NL Primer.” He is a 25/50NL heads up regular and has played as high as \$200/400NL.
